

Justin:

I was so pleased by the speed and the excellent work that I added a couple hundred dollars to your invoice. I hope that you will use it to take your wife and kids out to dinner. I know that these small jobs aren't very profitable for you, and I really appreciate your interest and expertise.

I am also going to send a thank you note and a check to Dennis. He was just super. Cathy told me how meticulous he was in raking up all of the loose rocks, smoothing everything out and applying a thick blanket of hay to the perimeter.

Again, much appreciated.

Toff
